# sky blue thinking

Good evening, everyone, & welcome to Victory Road, the home of Leiston FC, as we welcome AFC Rushden & Diamonds to this fine part of Suffolk.

It would be fair to say that since my last programme piece, the Blues have had mixed fortunes & results, with two wins in the FA Cup sandwiched in between a couple of heavy league defeats on the road. First up, Biggleswade Town were dispatched comfortably here 5-1 here under the lights, thanks largely to an impressive Will Davies hat-trick & a screamer from James Eaton-Collins, which is well worth checking out on YouTube! Next, the Blues made the long trip to Leicestershire in the middle of a global pandemic - I know. Don't get me started - & left with nothing other than a well-taken Finlay Barnes consolation goal in a 4-1 defeat. Then, we made the long midweek return trip to face Biggleswade Town again, this time in the league, & despite going 1 up early on - & at some point I believe the score was actually 4-4 - we ended up shipping 7 goals by the final whistle! So, that was 2 league defeats on the bounce & 11 goals conceded as the Blues headed into the game against Step 5 Leighton Town last Saturday in the FA Cup. And although I hear we were hanging on a bit at the end, we scraped through 2-1, Liam Jackson giving us an early lead from the penalty spot & Will Davies putting us 2 up in the first half an hour. Fingers were crossed that the draw for the next round would be kind to us now, and we've drawn a home tie against AFC Telford from the National League North. Exciting times!

Tonight, we welcome AFC Rushden & Diamonds to Town under the lights, & hopefully we can kick start our league campaign with a good performance & a positive result! Come on you Blues!

Enjoy tonight's game, everyone.

# From the Boardroom

Good Evening,

Today, it's a welcome from us all at Victory Road to the players, officials & supporters of AFC Rushden & Diamonds for this Southern League Premier Division Central Fixture. We also welcome our referee and his assistants. We trust they enjoy their short stay at Leiston and wish them a safe journey home.

A couple of weeks ago on a Tuesday evening we entertained Biggleswade FC in the FA Cup 1<sup>st</sup> Qualifying Round. It has to be said that we really turned on the style and won the match 5-1 with the goals from Will Davis (4) and a cracking strike from Jamie Eaton-Collins.

Having not attended either of the two away games it's difficult to report my views. However, having spoken to our managers, the defeat at Coalville was unfortunate and the score line wasn't a true reflection of the game. But we understand they have at least three ex-professional players in the team, and on the day, this played a big part in the outcome of the match. Little to say about our mid-week fixture with Biggleswade, only that we were level at 4-4 with 20 minutes to play and at 90 minutes we had lost 7-4. What we do know is since they played us in the FA Cup they had strengthened their team considerably, and one of their players who scored a hat-trick played for Needham Market last season on loan.

Last Saturday, we were on the road again, this time in the FA Cup 2nd Qualifying Round, and played Leighton Town FC. It's interesting, we had met our opposition a few years ago in the same competition, drawing at home after being 2-0 down. In the replay, we excelled ourselves winning 5-2 with former stalwart Gareth Heath equalising in the home tie and notching a brace in the replay win. Leighton ply their trade at Step 5, so on paper this was a good draw for us. However, our managers were treating the opposition with the greatest respect. We arrived at the ground later than anticipated, but I suppose we can blame the unfortunate 'bollard' in the road leading into Leighton Buzzard. But that's a story for another day.

On arrival, the pitch looked good with only a couple of blemishes in front of the seated stand. Apparently, this was due to badgers getting into the pitch (I believe Finley was unfortunate enough to get his boot caught at least once or twice in the first half). We started really well and after a few minutes we were awarded a penalty for a foul on Will Davis. Liam Jackson dispatched the penalty with ease, and we were playing some excellent football. So, it was no surprise when we increased the lead following a nice cross from Liam Jackson for Will Davis to hammer home. It would be fair to say most people in the ground thought the match was won at this stage, but it was not to be. Leighton started to press us, and from a needlessly given-away free kick and in a goal mouth scramble, one of their strikers was able to poke the ball home. Leighton were then on top, and we were not sorry to hear the half-time whistle blown. If I am totally honest, we didn't turn up in the second half, and Leighton pushed us really hard, with our defence working overtime, particularly our keeper, who made some very good saves. A rare second-half attack from us, following a good run by Kyle Hammond, ended up with his shot hitting the post and rebounding to safety. So, we ended up victors by two goals to one.

I recall a former manager of Leiston saying it's better to win 2-1 and not play well than to lose 2-1 but play brilliantly, because the result in the paper the following day will read Leighton Town FC 1 Leiston 2, and that's what people remember – me included.

We have been handed a tough, but exciting draw in the 3rd Qualifying Round against National League North AFC Telford. The tie will be played on Tuesday 13 October with a 7.45 kick-off.

Now, to the match this evening. Our visitors are unbeaten in the league and are playing well, so we will have to be on top form to get a result.

Good luck to both teams,

Peter Mayhew

## AFC RUSHDEN & DIAMONDS — Club history

AFC Rushden & Diamonds were formed in 2011, following the demise of Rushden & Diamonds FC, as a supporter-owned, supporter-run football club. After a season in youth football in 2011-12, they were allocated a place in the United Counties League Division One for 2012-13 (Step 6 of Non-League Football). They gained promotion in second spot in that league at the end of their first season, and followed that with third place in the UCL Premier Division before winning the title in the 2014-15 season, backed up with the League Cup. This meant they won promotion to the Southern Football League Division One Central. In 2015-16, they finished fifth in the SL1C, reaching the play-off final and winning their County Cup. They were transferred to the Northern Premier League First Division South for the 2016-17 season, where they again reached the end of season play-offs. For 2017-18, they returned to the Southern League to play in Division One East, known as EVO-Stik League South-East, winning promotion at the end of that season to Step 3 of Non-League Football.

*AFC Rushden & Diamonds hit Hitchin Town for 7 last Tuesday night to get a first win of an unbeaten start to the league season.*

# THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

It's difficult to know what to write about sometimes in these programme columns we send out each week. Do people want to hear views on the big issues around the game? Are you flicking through a programme for some light-hearted reading at half-time? It feels like everything has been a bit serious recently. And rightfully so. Clubs up and down are worried about the future. What makes it harder, in this Covid pandemic, is a lot of the things we are worrying about when it comes to Non-League football are largely out of everyone's control. While clubs can put the right protocols in place, if the government suddenly decide no fans then there's not much that can be done about it.

It's a frustrating time for all, perhaps summed up by the situation this weekend in the FA Cup where Step 2 fans aren't allowed to watch their team play live, be it home or away. At the time of writing, there is still great uncertainty for National League clubs about their kick-off. They will be behind closed doors but with almost no exceptions, that will only work if there is sufficient support from the Government or the Premier League. All we really want is to watch our teams play again. That goes for every club throughout the pyramid. Those who already have fans in want to make sure the gates stay open. Perhaps this tricky period reminds us why we started watching Non-League football in the first place.

The thought sprung to mind from last week's NLP where our new columnist Tony Incenzo – talkSPORT's journalist and Non-League expert – wrote about the importance of getting young fans through the doors. Tony recounts how his mum used to drop him and a friend at the gates of Hendon and would return at 4.45pm to pick them up knowing they will have had an enjoyable, and safe, afternoon watching their local side. From there, Tony's passion for these levels of the game soared, and anyone who follows him on Twitter will know just how many grounds he has visited over the years.

It got me to thinking about my own involvement in the game. My Dad is the one to blame. He was heavily involved in non-league football, so I probably had no choice. But I loved going down to a ground, smelling the liniment waft from the changing rooms before standing so close to the action soaking it all in. I enjoyed watching Premier League football, like any other kid, but really non-league was the place to be. That then morphed into regularly watching Farnborough Town with friends before, in our teenage years, that transformed into away games as well. We'd hop on the train early in the morning and head off to far flung destinations like Hitchin, Carshalton and St Albans. It's only a few years later when you start driving that you realise these places are not that far away at all. But that was our Saturdays. Stopping at McDonalds on the way to the ground, stopping there again on the way back to the station, navigating our way through Clapham Junction and eventually arriving back home tired, but fulfilled.

That's what Covid has shown me, anyway. How much I enjoy being at a game with other people and soaking it all in. How I enjoy going to a game with my Dad, who kick-started my love affair with non-league in the first place. And, with that, I'm off tonight to see a game with him.

Enjoy your game.
